

How to upload a picture of my vaccination card

First, use your smart phone to take a picture of Page 1 of your vaccination card. Page 1 has your name and the date of the vaccinations, all that's needed. Then email the picture to yourself.

Go to your computer (not smart phone) and download the image from your email to your computer. You could name the image VaxCard1, or something else.

Now you have a picture to upload. Next step is to click the Book Online link on the www.longwoodcoveredcourts.com website to reach your account log in page.
